Getting there

Click INNOCOMMS System

The screenshot shows the website for the UTM Innovation and Commercialisation Centre (UTM ICC). The browser address bar displays www.utm.my/icc/. The website header includes the UTM logo and the text "INNOVATION AND COMMERCIALIZATION CENTRE UTM ICC". The navigation menu contains links for Home, About, Services, Technovation Park, Activities, Contact Us, INNOCOMMS, and ANUGERAH. The main content area features a large photograph of the ICC sign, which consists of large orange letters "ICC" on a black base with the text "INNOVATION & COMMERCIALISATION CENTRE" below it. The footer is dark red and contains four columns of information: online applications, quick links, external links, and contact information with a QR code.

Intellectual Property Information

What is Intellectual Property?

Intellectual property refers to creations of the mind: inventions, literary and artistic works, and symbols, names, images, and designs used in commerce. Intellectual property is divided into two categories: Industrial property, which includes inventions (patents), trademarks, industrial designs, and geographic indications; and Copyright, which includes literary and artistic works such as novels, poems and plays, films, musical works, artistic works such as drawings, paintings, photographs and sculptures, and architectural designs. Rights related to copyright include those of performing artists in their performances, producers of phonograms in their recordings, and those of broadcasters in their radio and television programs. Category of Intellectual Property :

» Patent

A patent is an exclusive right granted for an invention, which is a product or a process that provides a new way of doing something, or offers a new technical solution to a problem.

» Trademark

A Trade Marks is a mark which distinguishes the goods and services of one trader from those of another. A mark includes words, logos, pictures, names, letters, numbers or a combination of these. A Trade Marks is used as a marketing tool to enable customers in recognizing the product of a particular trader.

» Copyright

Copyright is the exclusive right given to the owner of a copyright for a specific period. Copyright protection in Malaysia is governed by the Copyright Act 1987. There is no system of registration for copyright in Malaysia. A work that is eligible is protected automatically upon fulfillment of the following conditions:-

- sufficient effort has been expended to make the work original in character;
- the work has been written down, recorded or reduced to a material form;
- the author is qualified person or the work is made in Malaysia or the work is first published in Malaysia

» Industrial Design

An industrial design is the ornamental or aesthetic aspect of an article. The design may consist of three-dimensional features such as the shape and configuration of an article, or two-dimensional features, such as pattern and ornamentation. The design features must be applied to an article by any industrial process or means of which the features in the finished article appeal to eye.

1	Similarities	: Both this Invention and Congestion/Area Road Pricing attempts to impose charges to road user for using the road and creating unwanted effects to the environment and roadway systems	Edit Add
	Differences/Uniqueness	: Unlike Congestion/Area Road Pricing that charges road users for entering city and contributing to congestion, this invention/approach charges road users for polluting the environment and releases CO2 to the atmosphere

8. State the problem that your disclosed invention is solving. Add

1 Problem : All road users pollute the environment regardless of whether they create congestion or not. There must be a method to fine users based on the level of pollution they created, not the level of congestion
Solution : Create an algorithm that applies certain road user parameters (e.g. type of car, type of fuel, etc.) to compute carbon road pricing

Funding Window (Sample)

The screenshot displays the UTM Innovation and Commercialisation Centre (ICC) website. At the top left is the UTM logo and the text 'UNIVERSITI TEKNOLOGI MALAYSIA'. To the right is the ICC logo and the text 'Innovation and Commercialisation Centre (ICC)'. A navigation menu includes 'Home', 'IP Disclosure Form', 'Reports', 'Maintenance', 'Language', and 'Logout'. A yellow box with the text 'Your funding details successfully saved' is positioned above the main content area. A red arrow points from this box to a green notification message: 'Record successfully insert'. The main content area is titled 'IP Disclosure Form - Personal information' and contains a 'Back' button, a 'Preview' button, and a table of personal information. Below this is a navigation bar with tabs for 'IP Info', 'IP Form', 'SD For Copyright', 'Applicant Declaration', and 'IP Status'. The 'IP Form' tab is active, and within it, the 'Funding' sub-tab is selected. The 'Funding' window is titled '12. Internal / External Funding.' and contains a table with one entry. The entry details are: Funding Sources, Funding Body (Self-Funding), Type of funding (Others), University reference No., Title of project, Name of Project leader, and Cost center. There are 'Edit' and 'Delete' buttons for this entry. At the bottom of the page, there is a disclaimer and copyright information.

[Summary](#)

1. Patent Protection (strength of patent)

- A broad scope, family of patents, granted worldwide, which covers several interlinked aspects of the technology 5
- A broad scope, single patent, granted worldwide, which covers the fundamentals of the technology, or for a very major suite of softwares that would take many years to duplicate 4
- A broad scope, strong patent application, or an incremental technology or significant new development of existing technology 3
- A narrow scope of patent, less significant development of the existing technology, or extensive know-how 2
- An interesting research result which might be protectable 1
- A bare idea, with no evident uniqueness or protectability 0

Please choose an answer from 1-5 for 9 questions & save

9. Business Management and Industry Experience

- The investors and other members of the team had a previous, very successful business and have broad industry contacts. 5
- The investors and other member of the team had previous, not very successful business, but have strong industry link and feel that they have learnt to do it better next time. 4
- The investors and other members of the team had experience in management of business(s), but the role was relatively narrow (e.g. managing a department, rather than general management) and do not have strong industry contact. 3
- The investors and other members of the team had very little experience in management of the business, (i.e as an employee) and limited industry contact. 2
- The investors and other members of the team had limited business experience and industry contact. 1
- The investors and other members of the team had no business management experience and industry contact at all. 0

15. DECLARATION

The information which is provided on this form will be user by the University to access the ownership of the intellectual property rights, potential third party claims to those rights and obligations to external sponsors. Incorrect or incomplete detail could lead, the reduction or loss of commercialization revenues, or the invalidation of patent applications.

I declare that the information which I have provided in this form is, to the best of my knowledge and belief, correct and complete and that the contributors named are all the original creators of this invention/design. I also agree to cooperate in seeking or other legal protection in the name of University/institution and in the commercialization of this invention/design. I also confirm that I have notified the University/institution of any conflict of interest which may exist in relation to the invention.

FAQ

FAQ

What is my username and password?

It is the same as your UTMHr username and password.

OK, I manage to log in, why does INNOCOMMS prompt me to change my password?

Ops, sorry. It is a known system kink. We need to reset your account. Email us at innocomms@utm.my to get you started.

Who do I choose as witness?

Your faculty's Deputy Dean of Research & Innovation (TDPI)

FAQ

I received email for correction for my IP Application, what do I do?

You need to log in to INNOCOMMS first, then check the 'Endorsement' tab for the comment by TDPI and/or 'Secretariat Revision' tab for comment by secretariat (ICC)

So my co-inventor(s) is not a UTM staff nor student. What do I do?

We need to get them register first. Send us an email at innocomms@utm.my, stating:

1. Name
2. Identification Card/Passport No.
3. Nationality
4. Date of Birth
5. Gender
6. Corresponding Address
7. Email Address
8. Contact No.

THANK YOU!
